

Single-Digit Soccer

Keeping Sanity in the Earliest Ages of the Beautiful Game

By Beau Dure

Available electronically at most ebook sellers and in print at [Amazon.com](https://www.amazon.com)

Cutting through the clutter for parents

Soccer is a fun, healthy activity for children. It's also a battleground for adults who want to take the sport in several different directions. Is youth soccer a breeding ground to grow the

USA's talent pool for future World Cup wins? Can soccer clubs meet the needs of the "elite" while also serving the community?

Single-Digit Soccer tackles these issues with humor and hard data, giving parents a unique opportunity to become better informed.

A plea for sanity and inclusion

Different soccer players have different needs. *Single-Digit Soccer* offers some ideas for coaches and administrators to make the sport valuable for everyone.

About the author

Beau Dure is a veteran soccer journalist who worked at USA TODAY for 10 years and has written two books on the game. He's also a parent who has coached his two young sons through the single-digit (Under-10 and below) years. For this book, he combined these viewpoints along with research and interviews with leading figures in the sport.
